

TRAINING WORKSHOPS FOR BRISBANE

Scrum – Agile Methodology (1 day) - \$695 (\$625 ACS – 10 PCP hrs*)

23 May

The principles, output and team structure of Scrum are discussed and then the top five Scrum practices (Product Backlog, Sprints, etc) are explored in more detail. Two hands-on group activities plus five real-world case-studies aim to cement this understanding of Scrum.

“Provided an excellent overview of Scrum and its role in the organisation.” Nick Rhodes, Sys Admin / DBA, QFAB (Queensland Facility for Advanced Bioinformatics)

XP - eXtreme Programming (1 day) - \$695 (\$625 ACS – 10 PCP hrs*)

24 May

Provides a pragmatic insight into the rules and practices of XP, covering all development aspects (manage, design, test & code) the XP way. Three real-world case studies and five workshop exercises ensure a practical appreciation of XP.

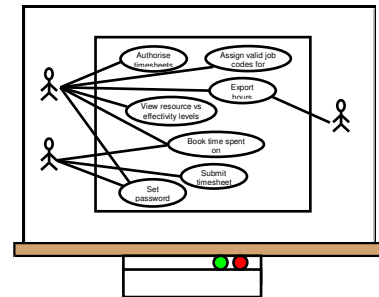

“[I learnt] the tool/principles behind XP, test-first, small releases, keeping things simple, etc. Examples of XP being used in industry...” David Wong, Developer, National Library Australia

Req. Analysis: JAD to Prototype (1 day) - \$695 (\$625 for ACS – 10 PCP hrs*)

25 May

This course focuses on five of the key techniques that ensure the scope of a system actually meets the user’s requirements. A practical mini-JAD (Joint Application Development) session is conducted with the class, as well as workshop exercises in Use Case analysis, Domain Object Modelling (DOM) and user interface prototyping. A number of real-world examples are also examined.

“[I liked] doing the role play of JAD session.” Andrew Mercer, Web Developer, REIWA

“Working with the client is probably the most important message. Domain expert constant involvement” Mike Gardiner, Developer, Bright People Technologies.

Software Architecture (2 days) - \$1,295 (\$1,165 ACS – 21 PCP hrs*)

26-27 May

An advanced workshop giving practical insights into “architecturally centric” software development. Real world and analogous examples are reviewed as well as eight group-based exercises undertaken.

“Love the workshop session where there is more interaction for better understanding”, delegate, Intel Corporation.

Full course outlines and on-line registration are available from www.ss.com.au/training.
